DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 1 - 17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With respect to claims 1,7,15 and 17, “the cavity”, “said cavity” lack antecedence with the ‘at least one’ precedent terminology.

With respect to claim 4, it is unclear whether the ‘at least one isolation post or area’ pertain to that already recited or introduce an additional structure addend.

With respect to claims 5 and 6,9, 11-14 “(isolation) posts or areas” lacks antecedence by confining to the plural. Additionally the issue analogous to that concerning claim 4 applies.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
